

# INSTANT ABC BOARD

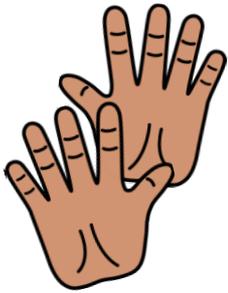

HANDS-ON AND ENGAGING

# INSTANT ABC Board

## What is the INSTANT ABC Board?

Create your own magnetic and wipe off boards with built in 'magnetic letters'. In this download you will receive the printable letters. To prep the letters, print on cardstock for best reusable use. Laminate the printed sheets. Cut out each set of letters and add a magnetic dot to the back of each letter. Using a metal cookie sheet, add on the letters. For a built in wipe-off surface cut a strip off the dry erase sheets. These dry erase sheets are magnetic as well so they will simply attach to the magnetic cookie sheets. These ABC boards will allow each student to have their OWN magnetic board and letters. You will not need to share magnetic letters, pass out letters daily, or reuse letters among several groups of students. The letter boards can also be easily placed in the dishwasher weekly for extra sanitation. To access the EDITABLE version please click [HERE](#). You must download the file to edit. Click the white download arrow in the upper right corner. You will also want [THIS](#) font. **OPTION 2:** Instead of using these letters for magnetic purposes, print the letters and attach Velcro to them. You can use the letters inside a file folder. If you have additional questions about this packet you can reach out to me directly at [littlemindsatworkLLC@gmail.com](mailto:littlemindsatworkLLC@gmail.com)
