Back to School Survival Overview

What is the Back to School Survival packet?

Thanks so much for showing interest in my Back to School Survival packet! This packet was carefully created with preschool, TK, SPED, Young Fives, and kindergarten students in mind. This packet will offer the teacher a week's worth of material to kick off back to school with fun + engaging material. The best part is the Back to School Survival packet will lower teacher stress so you can focus on what's important the first week - - the kids! The packet covers six areas of the day: circle time, read aloud, school readiness camp, exploring centers, school supplies, and math (manipulatives). Here is a quick breakdown of what you get:

Let's Help!

Adventures With Pip the Pup

**Hi! My name is Pip the
Pup! I will teach you
how to help your
friends and teachers!**

We can help our friends tie their shoes. We don't want our friends to trip or fall so we can help.

**We can help our friends
by opening the door for
them. Our friends will
be thankful for the help.**

**We can help our friends
by helping them zip their
coats. We don't want
our friends to get cold.**

**It's great to help friends
in need. We just want to
make sure our friends
ask for the help first.**

We can help our teacher, too! Our teacher will like our help. How can we help our teacher?

We can help our teacher by staying in our seat. Our teacher won't be able to find us if we are up.

We can help our teacher by raising our hand. If we shout the teacher won't be able to talk.

**We can help our teacher
by not running up to or
shouting out at
classroom visitors.**

**There are lots of ways
we can help our friends
and our teacher. How
can you help?**

Helper Certification: Students will receive a helper certification badge once they get certified in the area. Encourage a set of expectations to become certified. Model the expectations and circulate the classroom to check in on students. Redirect students that are not meeting expectations with additional modeling. The certificates can be printed on plain paper (allowing students an opportunity to color) or printed on colored printing paper.

Let's Glue!

Adventures With Pip the Pup

Pip the Pup is working on a craft. Pip the Pup needs glue for her project.

Pip the Pup will use her glue sponge to glue on the pieces. What is a glue sponge?

A glue sponge is a really neat way to glue. The glue sponge stays in a container like this.

**We pat our paper onto
the glue sponge. We
never take the sponge
out of the container.**

**If our glue sponge
needs to be turned
over we will raise our
hand to ask for help.**

If we get glue on our fingers it's okay. Rub them together and the glue will peel off.

**If we need to carry
the glue sponge we will
hold onto it with two
hands.**

We never tip the container over, upside down, or twirl it in circles.

**When we are finished
we need to make sure
all four sides of the
container snap close.**

Pip has learned about glue sponges. She is glue sponge certified. Let's get you certified, too!

Happy Birthday Crown: The crowns can be printed on plain paper (allowing students an opportunity to color) or printed on colored printing paper. The crowns will be attached to sentence strips or 2 inch strips of paper. Trim and staple the strips to each child's head.
