

CENTER LOGS

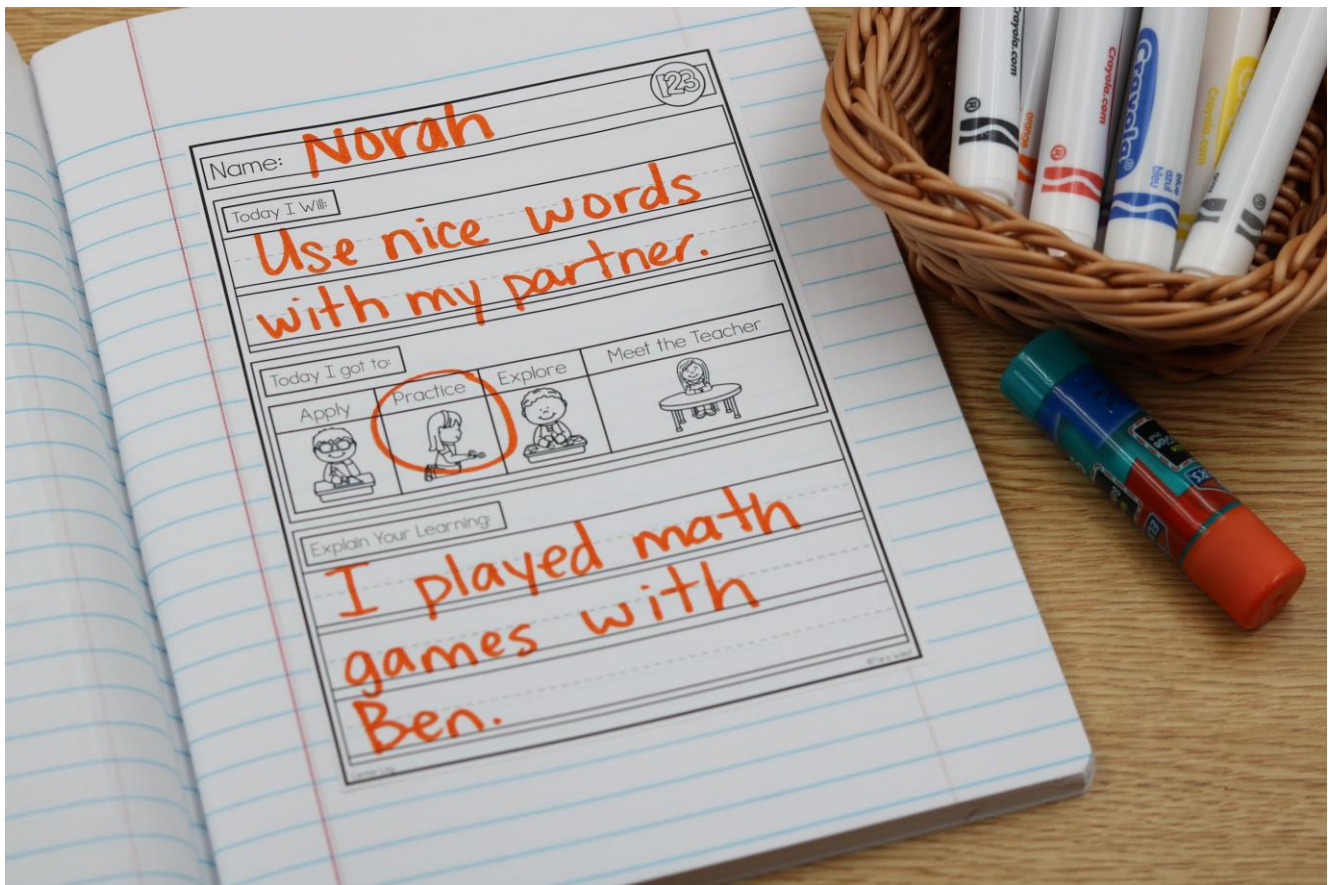

A FREE DOWNLOAD

Center Logs: A Free Download

What are Center Logs?

Thanks so much for showing interest in my freebie center logs downloads. These logs give students an opportunity to have meaningful work during their independent literacy and math centers. The download included a variety of version for both literacy center and math centers. The logs are offered in differentiated approaches with or without writing lines. The logs can also be printed two sheets onto one sheet to be at a reduced size, perfect for notebooks. The download also includes literacy and math center journal labels. If you have additional questions about this freebie packet you can reach out to me directly at littlemindsatworkLLC@gmail.com
