HANDS-ON & ENGAGING MATH CENTER

# INSTANT COMPARING HANDS-ON MATH CENTER

Thanks for downloading my INSTANT Comparing: Hands-On and Engaging Math Center packet. This packet is designed to offer an engaging and FUN way to explore comparing sets! This packet can be used during an in-class math lesson, homework practice, early finishers, intervention, or used as supplemental math center. This activity can be used to compare sets or compare measurement. If using for comparing sets, students will follow the card and pull out the matching set of manipulatives, compare, and state which set had more/less. For measurement, students will fill the balance scale according to the card. The packet includes 50 comparison cards, 1 can statement card, and an aligned practice sheet. If you have any additional questions as always, feel free to email me at [littlemindsatworkllc@gmail.com](mailto:littlemindsatworkllc@gmail.com), follow me on [Facebook](#), or visit my blog, [Little Minds at Work](#).
