Thanks so much for downloading the December Themed Puzzlers 1-20 packet! This packet is designed to offer a fun and engaging way to practice numbers 1-20. You will be able to use these activities as a supplement to your whole group math lesson and/or as an independent math center option. To prep this activity, you will need to print puzzlers, cut into pieces, and place the pieces into a baggie. Laminate the puzzlers for best repeated use. Use color ink or print with black ink on color paper.
