

# puzzlers one to ten!

number edition

Thanks so much for downloading my Puzzlers 1-10: Number Edition packet! This packet is designed to offer a fun and engaging way to practice numbers. You will be able to use these activities as a supplement to your whole group math lesson and/or as an independent math center option. To prep this activity you will need to print puzzlers, cut into pieces, and place the pieces into a baggie. Laminate the puzzlers for best repeated use.

If you have any additional questions as always, feel free to email me at [taradc87@Hotmail.com](mailto:taradc87@Hotmail.com), follow me on [Facebook](#), or visit my blog, [Little Minds at Work](#).
