

SERVING UP BEGINNING SOUNDS

PULL AND RECORD SENSORY BIN CENTER

Thanks so much for downloading my Serving Up Beginning Sounds Sensory Sort! This packet is designed to offer a fun and engaging way to practice beginning sounds. You will be able to use these activities as a supplement to your guided reading lesson and/or as an independent literacy center option. To prep the sort simply print and laminate for best repeated use. I would suggest that you first introduce this packet whole-group and then place into an independent literacy center. Make sure to teach the best practices for the cards. Have students pull out a beginning sound picture card and place it onto the table mat. The students can write the matching beginning sound or place a magnetic letter. If you have any additional questions as always, feel free to email me at littlemindsatworkllc@gmail.com, follow me on [Facebook](#), or visit my blog, [Little Minds at Work](#).
