## FEB. DECODABLES

## A NOTE FROM TARA WEST

The Science of Reading: February Decodables were written with special detail to every reader. These decodables were designed to include best practices for the Science of Reading. These books can be used alongside any small-group curriculum. View the scope and sequence to note decodable words, decodable high frequency words, and irregular high frequency words in each reader. Each reader has an embedded review on the back cover. On the back cover, students will review letters/sounds found in the decodable, high frequency words, and decodable words. There are also embedded comprehension questions found on the back cover for quick check-ins with students. Along with each decodable book, there is matching all-in-one decodable sheet. Choose between the readers or the all-in-one sheets.

**Printing DOUBLE SIDED Easy Readers:** It is very important to follow a few quick printing tips. You can view a tutorial video [HERE](#)! First, you will type in the page numbers you wish to print. Next, select "fit". This will help the reader to fill the entire page and leave minimal white space. Then, select "print on both sides". Be sure to also select "flip on short edge". Lastly, select for the reader to print. NOTE: The books are best printed using Adobe Reader. Adobe Reader is a **free download**. The book will print out on two sheets of paper. You will simply fold the books. Double staple on the left side (optional).

**Printing MINI Readers:** Follow the steps below to prep the mini readers. You can view a tutorial video [HERE](#)!

**Fold landscape.**

**Fold portrait.**

**Cut along the line.**

**Unopen the sheet.**

**Quarter Fold.**
