# Dabbin' Through the Year

Thanks so much for downloading my Dabbin' Through the Year Packet. This packet is designed to offer a fun and engaging way to practice literacy and math skills. You will be able to use these dab mats as a supplement to your whole-group lesson and/or as an independent center option. To prep the mats, simply print the skills and themes you desire for the students to use. The students will need to have a dabber, crayons or markers to indicate their answers. You will also need a class-made spinner (pencil and paperclip) or purchase plastic spinners like [THESE](#). Below you can see a variety of ways to use the dab mats. If you choose to utilize these mats for more than one use, then you'll want to laminate them or place them into a dry-erase sleeve. Students can use a dry-erase marker or plastic manipulative to indicate their answers.

Students will use one dabber color for each answer choice so that you can check their work.

Students will use just one dabber and will indicate all of their answers with that dabber.

If you do not wish to use dabbers then your students can use markers or crayons to indicate their answers.

If you have any additional questions as always, feel free to email me at [littlemindsatworkllc@gmail.com](mailto:littlemindsatworkllc@gmail.com), follow me on [Facebook](#), or visit my blog, [Little Minds at Work](#).
