

A NOTE FROM TARA WEST

Thanks so much for downloading my INSTANT Assessments freebie packet. This packet is designed to offer a quick way to assess ending blends and r-control words! This packet contains 5 assessments and trackers. Students will have to write two oral listening words, write matching skill-based words, circle the matching words, read words, and read sentences. There are answer keys included as well. If you have additional questions about this packet, you can reach out to me directly at littlemindsatworkLLC@gmail.com
