

■ A NOTE FROM TARA WEST

Thanks so much for downloading the free Hands-On and Engaging Learning packet: Halloween Spooky Build Centers. This math center can be used in multiple settings: whole-group instruction, small-group instruction, intervention group, independent math center, and/or at-home supplement. For number build, students will count out a matching set for each numbers. Students will follow-up with the optional response sheets. Students can be equipped with any type of manipulative for counting out the matching sets. You can also find an optional "I can" card and center organization label. If you have questions, email me at littlemindsatworkLLC@gmail.com, follow me on [Facebook](#), or visit my blog, [Little Minds at Work](#).
