GUIDED PHONICS

Science of Reading

HANDS-ON TASK CARDS

UNITS 1-6

©TARA WEST

A NOTE FROM TARA WEST

This free download includes a comprehensive set of 5,000 phonics-based task cards designed to support foundational reading instruction through high-impact, skill-aligned practice. The task cards cover a full range of phonics concepts, including the alphabet, CVC words, digraphs, CCVC words, CVCE words, CVCC words, r-controlled vowels, and vowel variants. Each set is crafted to provide meaningful repetition while keeping students engaged and confident in their skill-building.

These task cards can be used flexibly across instructional settings, making them ideal for small-group instruction, whole-group practice, independent literacy centers, or intervention lessons. Whether you're introducing a new skill or reinforcing previously taught content, these cards offer structured and consistent practice that aligns with the Science of Reading. Teachers can use the cards for spiral review, differentiated instruction, targeted phonics intervention, or ongoing skill assessment. With thousands of opportunities for hands-on decoding, these cards make it easier to meet students where they are and help them grow into proficient, motivated readers. If you have questions, email littlemindsatworkLLC@gmail.com, follow on Facebook, or visit, Little Minds at Work.

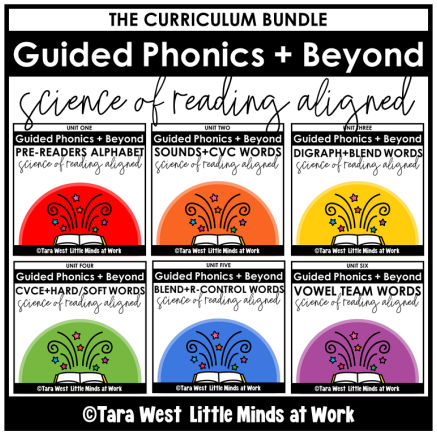

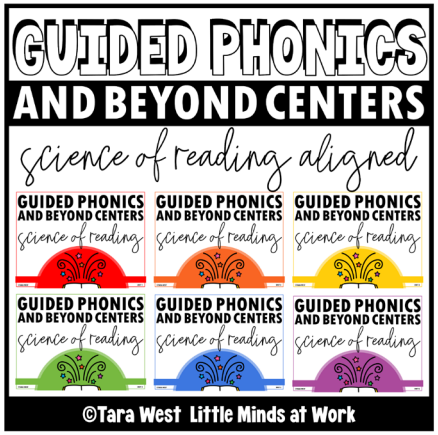

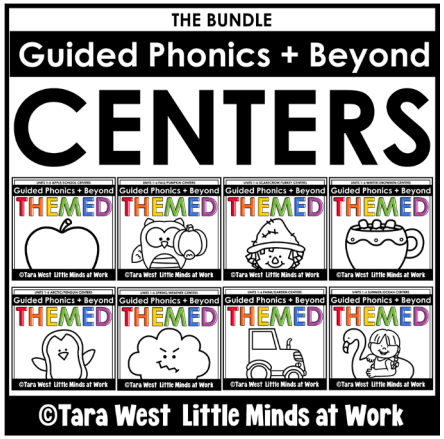

CLICKABLE SCOPE AND SEQUENCE

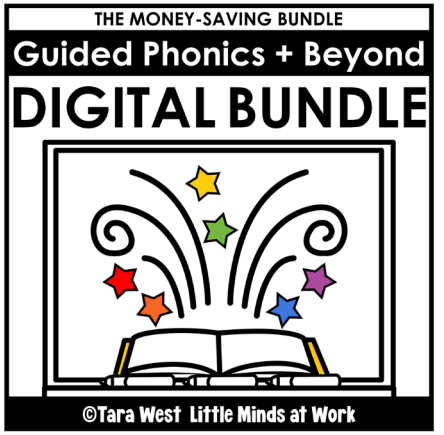

UNIT I	UNIT 2	UNIT 3	UNIT 4	UNIT 5	UNIT 6
ABCs	CVC	Digraphs/CCVC	CVCE	CVCC/R-Control	Vowel Variants
